

MAXCRETE RAPID

PERMANENT FAST SETTING CONCRETE REPAIR SYSTEM

MAXAM

PERMANENT FAST SETTING CONCRETE REPAIR SYSTEM

A very fast curing Compound - MAXCRETE RAPID is a specialised concrete repair which sets rock hard in minutes.

General deterioration, accidental damage and vandalism all have a detrimental effect, causing cracks, crumbling and breakdown.

Maxam's solution MAXCRETE RAPID is used to quickly secure bolts and posts in place, and for areas necessary to be in use immediately.

KEY BENEFITS

- Simple application – only add water
- Strong adhesion to concrete and metal
- Works in wet conditions and temperatures down to -20°C
- Saves time, money and effort

KEY APPLICATIONS

- Concrete
- Metal
- Asphalt
- Stone
- Brickwork
