

SEEK-N-SEAL

EMERGENCY REPAIRS TO FLAT ROOFS

MAXAM

EMERGENCY REPAIR TO FLAT ROOFS

A unique formulation of microporous natural material which flows with the rain, to the location to where it's actually coming into the room. As it flows, SEEK-N-SEAL gradually swells up to 15 times its original size effectively sealing off the leak.

One of the most innovative and effective flat roof repair products on the market, SEEK-N-SEAL is a truly unique product, with all the Maxam characteristics: simple to use, unrivalled performance and cost effective.

KEY BENEFITS

- Ideal for emergency use
- Finds the leak when you can't
- Enables a tool free, simple application
- Applied in wet weather
- Expands quickly sealing the gap in minutes
- Saves valuable time, allowing you to get on with other tasks

KEY APPLICATIONS

- Flat roofs with leaks which are hard to locate
- Flat roofs with loose chippings

TECHNICAL DATA

Specialised mixture of non-toxic, inorganic clay powders and granules
Shelf Life: Indefinite if kept in dry conditions
