

WETSEAL

THE ULTIMATE EMERGENCY ROOF REPAIR

MAXAM

THE ULTIMATE ALL WEATHER EMERGENCY ROOF REPAIR

WETSEAL is primarily used on leaking roof and gutter areas of all materials, and is also beneficial for preventative maintenance, reinforcing weak areas before leaks occur.

WETSEAL has outstanding qualities of adhesion for application to all roof surfaces thanks to a unique blend of bitumens and fluxing oils reinforced with selective fibres.

As a true Maxam product, WETSEAL is remarkably easy to use, makes an effective and lasting answer to your roofing problems and saves you unnecessary contracting costs.

KEY BENEFITS

- For tough, flexible rapid repairs
- Does the job in torrential rain and even under standing water
- Exceptional bond
- Immediately waterproof
- Self reinforced for sealing large gaps
- No priming or mixing
- Easy to use. Only requires a trowel or brush

KEY APPLICATIONS

- For use on all roofing and guttering areas
- Adheres to all types of materials including:
 - asphalt
 - felt
 - asbestos sheets
 - metal tiles
