

MAXAM

POWERFUL PRODUCTS FOR TOUGH PROBLEMS

MAXAM[®]
HIGH PERFORMANCE
WINDOW FILMS

PROVIDING SIMPLE COST EFFECTIVE WAYS OF SOLVING THE MANY PROBLEMS ASSOCIATED WITH GLASS

MAXAM

SOLAR

Drastically reduces glare and heat build-up. Acts as insulation in cold weather.

Solar film deflects up to **80%** of the sun's heat and up to **85%** of glare giving you a comfortable working environment

“We are in the process of using MAXAM solar reflective film and once more the application is trouble-free.”

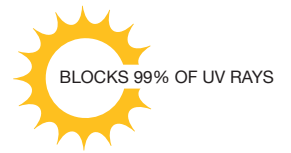

MAXAM

PRIVACY

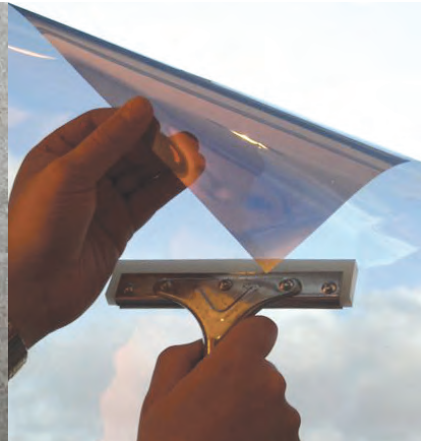

Effectively prevents prying eyes and helps deter theft.

Whether you require **one-way vision, total 24hr privacy** or a **frosted** look - we have the film for you. Our film range can provide this by being reflective, opaque or translucent.

“We operate our own maintenance team, who find MAXAM products invaluable. The combination of their work and your products has saved many thousands of pounds.”

PROVIDING SIMPLE COST EFFECTIVE WAYS OF SOLVING THE MANY PROBLEMS ASSOCIATED WITH GLASS

MAXAM

SAFETY & SECURITY

Ultimate protection against break-ins, explosions and flying glass. Complies to BS EN 12600 enabling you to conform to current safety regulations

Glazed areas are the weakest point of a building - vulnerable to burglars, vandals and accidents. These **clear, tough films** create an invisible shield to stop intruders and injury.

“MAXAM safety film is almost undetectable and is an excellent material that we have found easy to apply.”

MAXAM

TOOLKIT

Simple, but essential. These professional tools are available to ensure a 1st class application by your maintenance personnel.

Fully illustrated, **easy-to-follow instructions** are provided.

“The instructions provided and the tool-kit were easy to use. Our caretakers have made an excellent job of fitting the film.”

SUPPLY ONLY - EASY APPLICATION...EXCELLENT RESULTS...NO CONTRACTORS CHARGES

Our personal guarantee to you...
