

MAXAM PURA+™

ECO FRIENDLY MOULD, ALGAE & FUNGI TREATMENT

POWERFUL
NON-BLEACH
FORMULA

PURA+™ Two-Part Mould Treatment & Protection

Kit Contains:

- 1x Mould Treatment 1L
- 1x Surface Sanitiser 1L
- 1x Brush
- 2x Microfibre Cloths

Mould is notorious for its considerable damage to properties, but worse still, can lead to serious health issues for residents.

Exposure to traditional biocidal products for treating mould can have even more damaging effects to health.

First, PURA+™ two-part mould treatment encapsulates the spores, ready to safely remove them from the surface

Then it leaves a high performance anti-microbial barrier on the surface. This will completely kill the mould and prevent further growth.

PART 1 : TREAT

- Organic formula
- Encapsulates and removes mould spores
- Breaks down greases, oils and mould deposits
- Skin kind

PART 2 : PROTECT

- Kills up to 99.9999% of bacteria and fungi
- Leaves anti-microbial barrier
- Non bleach
- Food safe

PURA+™ BENEFITS

- Non Toxic
- No PPE required for biocides
- No Hazardous waste
- No mixing/diluting required
- 1 kit covers up to 40sqm
- Kills mould back to the roots
- Helps prevent regrowth by leaving active antimicrobial barrier
- Safe for operatives, occupants and pets
- Easy to use

Directions for use:

- Spray **PURA+** Mould Treatment onto contaminated surface plus surrounding area of 1sqm.
- Once entirely wet, scrub with medium stiff brush in circular motion.
- Leave to completely dry (this can be accelerated with hot air dryer).
- Once dry, wipe the surface with a clean microfibre cloth to remove contamination.
- Now apply stage 2 **PURA+** Surface Sanitiser.

Caution: Avoid contact with eyes. Storage: Keep container closed. Protect from extreme temperatures and direct sunlight. Do not freeze. Keep out of reach of children. MADE IN THE UK.
